A RECEIVER FOR THE STAR BLOCK IS DENIED BY JUDGE ROBINSON THIS MORNING.

Judge Robinson this morning in the matters of the motions of Lee Chu and C. K. A; for the appointment of a re-ceiver for the Star block. The affidavits also said that Noar is such a hard Morgan will hold an underwriters man to do business with that the plaintiffs were unable to negotiate with Judge Robinson, however, dehim. nied the motion for a receiver. The affidavit of C. K. Al contained the fol-

> "That on one occasion said Isaac Nour gave as a reason for not accepting the said bid that he was thinking of running for the office of Supervisor in the county of Oahu and therefor could not employ Chinese labor and would not, therefore, consider said bids

"That said Noar is a very hard man to do business with, that on being consulted on a business proposition he will fly into a rage and instead of calmly considering plans for the betterment of said premises, confines himself to abuse of deponent and his associates Lee Chu and their attorneys: that under the circumstances the said Lee Chu have filed their papers as Home Rule finds it impossible to do business with the said Noar,"

F. A. Ward and S. Mathews, tenants of the block, also gave affidavits making complaints and the latter said he had been fined for common nuisance on account of the block's condition, also that when asked about it. Noar always became "very angry."

Isaac Noar's affidavit stated that re lations between him and the plaintiff were "naturally strained", as a result of litigation, but not to such an extent apanese have gone to Hawaii and are | that it prevented business. Noar declares that the tenants of, the building, who threaten to move out according to the plaintiffs' affidavits, are not desirable tenants anyhow. He says that Mathews tries to run his store and at the same time be chambermaid for San Francisco on the S. S. Ala-meda October 28. Mr. M'Clintoch has that he lets most of them to drunken been in Honolulu for the past two men and women. Noar says that he years superintending the installation of is not a hard man to do business with and does not fly into a rage when consulted about business, but is always gentlemanly and reasonable.

Judge Robinson held after arguments by Catheart and Lightfoot, that there had not been sufficient showing to warrant a receivership. If the plaintiffs wanted to make necessary repairs and improvements they could go ahead without Noar's consent and charge him with his share of the cost.

The resultant divorce proecedings show that horse sense is not of much value in business of this sort. -Mobile Register.

"Well. you crouch down behind a thick stone wall and made a noise like turnip," answered the youth, giggling in ecstay.
